

## Fear and Freedom Newsletter

Week 6 | Feb 20th. 2015

Hi, we are team Fear & Freedom.

This week, we focused on uniting the games scenes into a single game as well as adding UIs, animations and more details about market simulation.

Next week, we want to test the actual game play to find out which part of the game is working and which is not. In that way, we hope we can conduct the play test at next next week.

Thank you very much and enjoy our main character's screenshots.
