TEAM PROJECTS

- PRESENT** **COLORIZE - Producer** - Creating hardware prototypes to engage kids (K - 2nd) with light color theory.
- Manage multiple contacts including our client and schools in the Greater Pittsburgh Area to coordinate and schedule play-testing opportunities.
 - Coordinate and facilitate meetings with team, faculty and our client.
 - Communicate effectively with teammates to identify their needs and acquire resources to ensure their progress.

FALL 2021

BVW PROJECTS

BVW projects were created as part of CMU's Building Virtual Worlds class. BVW is a rapid prototyping course where students are placed in interdisciplinary groups of 5 people and in 2 weeks must create an interactive game on a variety of platforms.

Producer - Celestial | Farewell

- Maintained a positive work environment and brought team creative consensus to increase morale.
- Prioritized team needs and itemized tasks to increase productivity.
- Managed team conflict through open communication about the issues at hand.

Sound Designer - Pyramid Panic! | Celestial | Peek-A-Book | Farewell | The Keys of Obliteration

- Designed, directed and/or created all sound effects, music and dialog using a variety of audio tools.
